PROUD OF HIS RECORD

In that court as Attorney General."
Tells of Experiences.

"It always touches me to come back to Washington because of that extraordinary experience of mine for two years, when I was taken unexpectedly right out of a law office and saked to undertake what I have always regarded as in many respects the meat important and meat laborious position in the government. One of the things I thought of that is quite germane, in looking back over the many cases which I argued in person in the Supreme Court, was that over the many cases which I argued in person in the Supreme Court, was that case, which was so important in the future—I did not realize it at the time—the Trans-Missouri Freight Association case, where for the first time the government secured the enforcement of the andi-trust law in the Supreme Court of the United States.

"Then later there was the Addystone tipic case and the Knight case. These three cases opened the way for what has since followed in the sweeping aside of all obstructions to fair, honest competition to binsiness in this country.

"Those were also some of the things I thought of to-day—that it was my good

many respects the most important and most laborous pecifion in the government. One of the things I thought of that is quite germans. In looking back over the many cases which I argued in person in the Supreme Court, was that case, which was so important in the future—I do not realize it at the tips—the Trans-Miseouri Freight Association ment secured the enforcement of the and the country of the United States.

Then later there was the Addystone pipe case and the Knight case. These three cases opened the way for what has since followed in the sweeping aside or since followed in the sweeping aside or since followed in the sweeping aside or the case of the Knight case. There three cases opened the way for what has since followed in the sweeping aside or the case of the Knight case. Gov. Judson Harmon, of Ohio, spent a busy day yesterday. Going to the Surreme Court in the morning, he field a petition for leave to submit a brief on behalf of the governors of certain Rises in he Minnesota and other 1-cent rate cases. The issue involved in the case is an to the conflict of power between the Federal government and the State government. The courtroom was crowded. Many Senators and members of Congress were present. These crowded around Gov. Harmon made a little talk in the evening at the National Press Club, which created a very favorable impression.

After helding several political conferences during the day, Gov. Harmon made a little talk in the evening at the National Press Club, which created a very favorable impression. The governor told with considerable feeling some of the thoughts that came to him as he sat in the United States Supreme Court.

"As I sat there," said the governor, T thought of a good many of those interesting incidents which some of your doubt remember in those very trying and momentous slays when I had a summar in the an libration of the share in the mile of Experiences.

"Til always touches me to came back to Washington because of that the very first cause I appeared is in that court as Attorney General."
